Quality Tools for Smart Cleaning

HIGHFLOW

THE PURE WATER SYSTEM FOR PRIVATE HOUSEHOLDS

ATTRACTIVE COMPLETE KITS:

AK158P
For work on the ground floor

AK160P
For work at heights up to the 2nd floor

Advantages of the HighFlow system:

No more streaks, limescale stains and endless repolishing: Anyone who wants to clean hard-to-reach windows, solar panels, conservatories or other outdoor surfaces is familiar with the typical challenges: conventional cleaning methods often prove cumbersome in practice, require the use of expensive chemical cleaning agents and leave streaks. This is exactly where the proven **pure water system** from **UNGER**, the number one in professional glass cleaning, comes in – for **brilliant cleanliness** with the power of **100% pure water, without any residue**.

The **HighFlow complete pole** for **safe cleaning at height without a ladder** is also available separately without a pure water filter.

Who is the HighFlow system for?

HighFlow brings proven professional technology into private households. The target group: brand- and quality-conscious users with high standards of cleanliness, efficiency and safety. They invest specifically in high-quality tools from professional brands – for a home that sparkles. Expand your product range and appeal to this affluent target group that values quality and brand-name products.

VERSATILE AREAS OF APPLICATION:

Conservatories, Canopies & Patio Roofs

Windows & Glass Facades

Solar Panels & Balcony Power Stations

Caravans & Boats
